THREE-TIER SECURITY SCHEME FOR WIRELESS SENSOR NETWORKS

LAP Lambert Academic Publishing Okt 2015, 2015. Taschenbuch. Condition: Neu. Neuware - This article describes a three-tier general framework that permits the use of any pairwise key predistribution scheme as its basic component. The new framework requires two separate key pools, one for the mobile sink to access the network, and one for pairwise key establishment between the sensors. To further reduce the damages caused by stationary access node replication attacks, we have strengthened the authentication mechanism between the sensor...

Reviews

This composed book is wonderful. It is really basic but excitement from the fifty percent of the ebook. You wont really feel monotony at at any moment of your own time (that's what catalogues are for regarding if you request me).

-- **Summer Quigley Jr.**

It is fantastic and great. It is actually rally exciting through reading period. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Alva Reichert**

Certainly, this is actually the very best job by any author. it was writtern very flawlessly and beneficial. I found out this publication from my dad and i recommended this ebook to discover.
